授業の内容
The purpose of this class is to offer students opportunities to develop their basic Japanese skills focusing on grammar and Kanji letters. I strongly recommend you to take the other elementary Japanese classes as well so that you can totally develop your Japanese skills.
到達目標
Can comprehend and use the basic elementary Japanese grammar. Can read and write the basic elementary Japanese Kanji.
授業の方法
Practice applying elementary grammar through some tasks such as dictation, listening, pair or group work etc. Memorize and practice elementary Kanji through the way that suits for you, for example writing, reading, looking the pictures, apps etc. How Kanji you learn and memorize is different for each person, so I would like to support for you according to each favorite style. Furthermore, for memorizing Kanji letters in your heads, I offer the mini Kanji quiz every week, that include your evaluation. *Basically face-to-face lessons are conducted in this class, but I will consider another way including on-line lessons via zoom depending on the situation. All lectures and learning activities will be conducted in Japanese.
